

*“The Lord Binning, Bon Viveur & Raconteur, would surely have approved of our policy of sourcing from people we know and trust. This is our lifeblood and it's best for us, the world we live in & most important of all, gives you the best possible taste - guaranteed!”*

Set to open end of August 2011, The Lord Binning will be a home from home, with a dash of panache. Fine quality fresh home cooking and carefully sourced wines of distinction are brought together in informal, relaxed surroundings, creating an ambient drinking and dining experience.

The premises, formerly known as The Morris Dancer, The Olive Tree, and The Globe, has had a chequered history (and a rollercoaster) of success and failure. After a 15 month closure, The Lord Binning is set to revitalize and re-invent this beautiful, landmark Cheshire pub and eating house with a guarantee of longevity and consistency that the area so greatly deserves.

Enter The Lord Binning, with culinary genius David Mooney and hospitality veteran Paul Newman at the helm of this fabulous new Pub & Kitchen. David & Paul both have vast experience in the hospitality sector. David's highlights include a spell with Raymond Blanc and Marco Pierre White until he spearheaded the Belle Époque in Knutsford, Duke of Portland in Lach Dennis, and the George & Dragon in Tarvin, all award-winning Cheshire favorites. Paul is an accomplished restaurant operator and marketeer, previously with leading northern restaurant operator Living Ventures Ltd, and subsequently with his own restaurant, the award-winning Residence in Nantwich. The two are set to create a formidable pairing at this most iconic of venues.

The glazed entrance to The Lord Binning reveals a relaxed, casual bar and dining room - sink into the cosy atmosphere and enjoy carefully-crafted, freshly-produced food, sourced with passion and created with love, and always served with friendly efficiency. The Lord Binning prides itself on the purest of quality, coupled with an excellence of service that defies its prices.

Enjoy a simple bite from the bar menu with a glass of wine, or indulge in a full-course meal complete with trimmings. Your choices at The Lord Binning are extensive and ever-changing, to reflect seasonal availability (and trends). The Lord Binning is destined to become your proverbial 'Third Place' - a familiar location where you feel your most comfortable after home and work.

A separate, more traditional pub(by) area focuses on cask ales, premium spirits, imported wines and sets the scene for informal chat, whilst still offering a considerable choice of 'bar eats'

The Lord Binning also boasts a large external area for drinking and dining (weather permitting) and a field-space large enough for marquee events, in addition to a first floor function room suitable for all occasions including meetings, parties, private dining and even weddings - with our intention to gain a licence to perform civil ceremonies on site within the first few months. .

The Lord Binning seems to tick all the boxes.
